## Corporate Social Responsibility Training 3 Day Academy 25-27 August 2008, Hong Kong

Looking to develop your professional skills in CSR? Then join our **3 Day Academy** where you will gain an in-depth overview of CSR. Through tools and case studies, the course will explore environmental, social and governance risks and standards facing business. Topics include:

- Global trends and global standards for CSR
- ISO 26000 and Global Compact
- Business and climate change
- CSR, HRM and diversity
- Structured stakeholder dialogue
- CSR and risk management
- Emerging environmental challenges
- Human rights and CSR
- Product responsibility
- Health and safety
- Community investment
- Supply chains and capacity building
- Corporate governance and soft law
- SRI and disclosure

We specialise in CSR training in Asia and can provide a host of training options to meet your organisation's CSR needs.
